SUBJECT: WINSTON Ultra Box Brand Styles

Due to manufacturing having to estimate where to deploy the WINSTON Ultra Box brand styles, there has been at least one order that could not be immediately filled. If you become aware of one of your direct accounts trying to order either one of these styles and Customer Service says that they are not available to ship, please have a RJR Manager contact Jimi Ruff (#3510) or Luann Hamby (#3521) so that they may process the order for drop shipment.

As we develop more sales history on these brand styles, this problem should be alleviated.

Please communicate this information to personnel with direct account responsibility as soon as possible.
